## **NEWS RELEASE**

# **Congratulations to five scholars from Huaian (Jiangsu) for winning the 2nd prize of the Lien Legacy Fellowship!**

**SINGAPORE, 6 JANUARY 2011**

Congratulations to five outstanding scholars from Huaian for winning the 2<sup>nd</sup> prize of the Lien Legacy Fellowship!

The five young scholars studying at Nanyang Technological University (NTU) are fully sponsored by Jiangsu Huailong Materials Co. Ltd, a GGBS joint venture between Jiangsu Huaigang Group Co. Ltd and EnGro Corporation Ltd.

This is the second time the scholars from Huaian have won the prize. The prize money of S\$200,000 will be used to fund climate-friendly projects in Huaian of China.

The scholars have brought glory and pride to Huaian. We congratulate the students for their excellent performance and to Huailong Materials Co. Ltd and our JV partner Huaigang Group Co. Ltd for their support, without which their achievement would not be possible.

Five scholars were present on the stage to receive their prize.

Dr. Chen (2nd left) representative of EnGro came to offer congratulations.

In the photo above, they are (from left): Wang Xinglong, Chen Enyi, Wang Honghong, Wang Jiang, Wang Lixi and Sun Zhibiao.

## **Notes:**

### **About EnGro Corporation Limited (“EnGro”)**

EnGro has established itself as a leading specialty cement producer in Singapore. Since 2005, the Group has strengthened the supply-chain by leveraging on its GGBS joint venture production base in China coupled with its Pulau Damar Laut bulk-terminal cum logistics services undertaken by Top-Mix ready-mix concrete operations.

The extended supply chain allows EnGro to meet stringent requirement for specialty cement and high-performance concrete supply. With this integration, EnGro is able to undertake supply of voluminous quantity timely to prestigious mega projects. As the first local cement company granted the Singapore Green Label for its eco-friendly VCEM brand of GGBS products, EnGro is well-positioned to contribute to the growing green building needs of the regional construction industry.

EnGro has built 2 core businesses, namely the specialty cement and the specialty polymer. Operationally, it is driven by these 2 growth engines supplemented by evergreen venture capital (VC) investment activity in technology-driven businesses.

### **About Jiangsu Huailong Materials Co. Ltd (“Huailong”)**

Formed in October 2005, Jiangsu Huailong Materials Co. Ltd. is located in Huaian city and is a GGBS joint venture (JV) between Jiangsu Huaigang Group Co. Ltd. (Huaigang) and EnGro Corporation Ltd. Equipped with state-of-the-art technology, this JV presently has installed capacity of 1.2 million MT GGBS per year.

Huaigang is ranked 3rd largest in China and 15th in the world for the production of specialty steel. It has a capacity to produce 2.3 million tons annually, which it plans to expand to 3 million tons by mid 2007.

Besides Huaian city, which covers an area of about 10,030 sq. km with a population of 5.1 million, this JV will also supply GGBS to neighbouring cities, namely Lianyungang port, Suqian city, Yancheng city, Yangzhou and Taizhou city with a total population of 27 million.

For more information, please refer to Jiangsu Huaigang Group Co., Ltd website <http://www.huaigang.com/>.
