NEWS RELEASE

Top-Mix's "DuraCrete" Green Concrete achieves Singapore Green Building Product (SGBP) label 3 Ticks "Excellent" rating

SINGAPORE, 23 Feb 2012 – EnGro wishes to announce that its subsidiary Top-Mix Concrete Pte Ltd ("Top-Mix") received the Singapore Green Building Product (SGBP) label from the Singapore Green Building Council (SGBC) for its "DuraCrete" brand of Green Concrete containing EnGro's low-carbon ground granulated blastfurnace slag (GGBS).

Having complied with the highest criteria set for the SGBP labelling scheme, DuraCrete successfully garnered "3 ticks" for the SGBP labelling scheme which carries the "Excellent" rating.

We are proud of Top-Mix's achievement in receiving the SGBP label as recognition of the Group's efforts in promoting the concept of **BUILDING SUSTAINABILITY**. Our green concrete materials with the SGBP label will help building projects score higher points based on the latest version of BCA's Green Mark rating system.

>> The End

Notes:

About EnGro Corporation Limited (“EnGro”)

EnGro has established itself as a leading specialty cement producer in Singapore. Since 2005, the Group has strengthened the supply-chain by leveraging on its GGBS joint venture production base in China coupled with its Pulau Damar Laut bulk-terminal cum logistics services undertaken by Top-Mix Concrete ready-mix concrete operations.

The extended supply chain allows EnGro to meet stringent requirement for specialty cement and high-performance concrete supply. With this integration, EnGro is able to undertake supply of voluminous quantity timely to prestigious mega projects. As the first local cement company granted the Singapore Green Label for its eco-friendly VCEM brand of GGBS products, EnGro is well-positioned to contribute to the growing green building needs of the regional construction industry.

EnGro has built 2 core businesses, namely the specialty cement and the specialty polymer. Operationally, it is driven by these 2 growth engines supplemented by evergreen venture capital (VC) investment activity in technology-driven business and selective property development projects.

EnGro is proud to be associated with the Friends of Building Sustainability (FBS) community of companies that initiate industry-led activities to spur the global green movement.

About Top-Mix Concrete Pte Ltd (“Top-Mix”)

Top-Mix Concrete Pte Ltd, is a wholly owned subsidiary of EnGro Corporation Limited.

Backed by EnGro's in-house R&D initiative, Top-Mix manufactures durable concrete using low heat high slag blastfurnace cement (LHPBFC or HSPBFC) for the most stringent civil/infrastructure requirements. With the support of EnGro's accredited lab, Top-Mix ensures quality, consistency of the concrete supply to its customers.

Top-Mix's track records include the supply of ready-mixed concrete to SembCorp Marine's new mega shipyard project at Tuas View Extension, NPark's Gardens by The Bay project, JTC's Clean Tech Park, KK Women's and Children's Hospital, Tan Tock Seng Hospital, and various public and private projects.

Currently, the three batching plants of Top-Mix concrete are located at Tampines, Fort Road and Tuas.

About Singapore Green Building Product Certification

The Singapore Green Building Council (SGBC)'s Singapore Green Building Product (SGBP) Certification Scheme, was launched on 14 September 2010 as a key initiative to support the building industry in the drive towards sustainability and environment- friendly built environment.

The Certification is the 1st dedicated green building product certification scheme to support the BCA Green Mark Scheme.

It is a Scheme with criteria formulated by more than 90 building professionals, assesses the level of environmental friendliness of building products in areas of safety, health, performance efficiency and environmental protection.

The certification will provide consumers, building industry stakeholders, and government procurement system an excellent listing of robustly assessed and certified green building products.
