

## NEWS RELEASE

# EnGro and partners jointly participate in the Garden City Fund's Tree Planting Programme as part of the Mandai Reforestation effort

**SINGAPORE, 16 May 2012** – EnGro and its partner companies participated in Garden City Fund's Mandai Reforestation Projects which involve planting relevant tree species at the Mandai area to restore an estimated 40 hectares of Mandai forest which was affected by a sudden storm in early 2011.

In line with EnGro's corporate philosophy which emphasizes on "**Building Sustainability**", EnGro also aims to preserve Singapore's lush environment and legacy as a garden city. Besides beautifying our environment, trees absorb carbon dioxide from the atmosphere, increase biodiversity, prevent soil erosion, provide shade, lower the temperature of its surroundings and etc.

During the inaugural tree planting event, EnGro also invited several of its key partner entities to join in the good cause. Through this event, EnGro brought together interested parties in Singapore who share a common vision of promoting a balance of the “Triple Bottom-line” of “People-Planet-Profits”.

## Notes:

### **About EnGro Corporation Limited (“EnGro”)**

EnGro has established itself as a leading specialty cement producer in Singapore. Since 2005, the Group has strengthened the supply-chain by leveraging on its GGBS joint venture production base in China coupled with its Pulau Damar Laut bulk-terminal cum logistics services undertaken by Top-Mix Concrete ready-mix concrete operations.

The extended supply chain allows EnGro to meet stringent requirement for specialty cement and high-performance concrete supply. With this integration, EnGro is able to undertake supply of voluminous quantity timely to prestigious mega projects. As the first local cement company granted the Singapore Green Label for its eco-friendly VCEM brand of GGBS products, EnGro is well-positioned to contribute to the growing green building needs of the regional construction industry.

EnGro has built 2 core businesses, namely the specialty cement and the specialty polymer. Operationally, it is driven by these 2 growth engines supplemented by evergreen venture capital (VC) investment activity in technology-driven business and selective property development projects.

EnGro is proud to be associated with the Friends of Building Sustainability (FBS) community of companies that initiate industry-led activities to spur the global green movement.

## **About Garden City Fund**

The Garden City Fund (GCF) is a registered charity and IPC in Republic of Singapore. It was established in 2002 under the patronage of the then Senior Minister Lee Kuan Yew and who, as Minister Mentor, is still GCF's Patron today.

The GCF is supported by but independent of National Parks Board (NParks). It complements the NParks in its efforts to monitor and coordinate measures to ensure the health of Singapore's biodiversity, supporting the overall thrust of the urban conservation model and leading in the continuing upgrade of the landscape Industry in Singapore – all towards its Vision, which is, "Let's make Singapore our Garden".

This is achieved through GCF's partnerships with corporations, organisations and individuals to engage members of the public to be involved in our natural heritage through conservation efforts, research, outreach and education.

In doing so, we hope to cultivate a love for the environment, promote a sense of ownership, and encourage the community to play its part in preserving Singapore's legacy as a lush and vibrant city in a garden.
