ENGRO WINS SINGAPORE CORPORATE SUSTAINABILITY AWARD AT SIAS INVESTORS' CHOICE AWARDS 2026

Singapore, 22 October 2026 – EnGro Corporation Limited (“EnGro” or the “Group”) has been named the winner of the Singapore Corporate Sustainability Award (Small Cap) at the Securities Investors Association (Singapore) (“SIAS”) Investors’ Choice Awards 2026, presented on 21 October 2026.

The award, assessed by SIAS together with the Centre for Governance and Sustainability, NUS Business School, recognises SGX-listed companies for the overall quality of their environmental, social and governance disclosures and reporting.

EnGro’s FY2025 Sustainability Report, prepared in accordance with the GRI Standards, sets out a climate change transition plan to reduce aggregated absolute Scope 1 and Scope 2 greenhouse gas emissions by 5% by FY2030, 20% by FY2040 and 30% by FY2050, from an FY2024 baseline. In FY2025, the Group recycled 100% of the wastewater generated in its operations for use in production.

Mr Tan Cheng Gay, Chairman and Chief Executive Officer of EnGro, said: “We thank SIAS and the Selection Committee for this recognition. For EnGro, sustainability goes beyond reporting. It is about responsible governance, sustainable operations and creating long-term value, while reducing our environmental footprint. Greater recognition brings greater accountability, and we remain committed to continuous improvement and to strengthening our position in sustainable building materials.”
